148.2 Representations from members of the public.

Three residents spoke in relation to the consultation on Planning Application 21/0954N, The Nook, 1 Vauxhall Place, Nantwich. The residents each raised concerns relating to the proposal which included concerns that the developers had already commenced work, that the proposed property would overlook and invade the privacy of neighbouring properties with proposals for a balcony and windows overlooking neighbouring properties. Concern was raised about the existing drainage in the area, which currently struggles and regularly has to have blockages cleared by residents. The addition of a further property would only add to the drainage problems. The residents also raised concerns about noise nuisance from the development with work being carried out at weekends particularly Sundays.

A resident spoke in relation to a later agenda item for the appointment of a Deputy Clerk. The resident raised concerns of openness and transparency and that previous discussions had been held with the exclusion of the public and press. The resident opposed the appointment of the position stating it would be insensitive given the current climate and the need for the Town Council to manage its finances during the pandemic. The resident perceived the exclusion of the public and press to be used to consider contentious issues, with the Council hiding behind legislation. He asked that the Town Council sought to work harder on openness and transparency in the future.

The Clerk provided some background to the appointment, advising that there would not be any additional members of staff employed by the Town Council as a result of the appointment. With the Town Council's approval, the role would be incorporated within an existing role. The Clerk advised that she had sought legal advice on the exclusion of the public and press in relation to the topics raised by the resident.
