Customer Service Policy - Part One

Commitment to customers

1.0 Policy Statement

Nantwich Town Council is committed to ensuring that customer service excellence is an integral part of the planning, resourcing, and delivery of all services. When customers access Council services they will receive consistently excellent standards of customer service and this policy will ensure that all sections of our diverse community are able to access services. The policy recognises development in technology and the opportunities for customers to contact the Council and access services digitally.

Whilst this policy is concerned with service standards the Council has a specific policy for dealing with compliments, concerns and complaints which is available via the website www.nantwichtowncouncil.gov.uk or from the Civic Hall (contact details included in this document). The Compliments, Concerns and Complaints Policy guides customers through the processes for passing on a compliment about a service, expressing a concern or suggestion about a service and when a customer is dissatisfied with a service, the process to follow to make a complaint.

1.1 Guiding principles

When customers contact the Council, we will:

- Identify ourselves;
- Be helpful and courteous;
- Be professional and positive;
- Be well informed, so that we are able to help;
- Be effective in listening and responding;
- Be fair and support individual needs.

1.2 Why we need customer service standards

This policy outlines the Council's approach to customer service and related issues. The standards set out in this policy are the minimum that customers can expect from the Council as a starting point. Wherever possible the Council will respond to customer enquiries at the first point of contact.

Customer service standards set out the Council's expectations for its employees to ensure that the Council remains a modern and efficient customer-focussed organisation. These standards define a corporate framework for the achievement of excellent customer service which will:

- Ensure that all customers, whether they are residents or visitors receive the same consistent, high standards of customer service;
- Ensure that customer service is an integral part of the planning, resourcing, and delivery of all Council services;
- Enable the Council to achieve its corporate key priorities, as set out in the Council's Corporate Plan 2020-2023.

1.3 Contacting Nantwich Town Council

This policy is backed up by Customer Service Standards (Part Three). The Council, will develop ways of engaging with customers and encouraging customer feedback. Performance will be monitored through self-assessment, comparison with other local councils, customer feedback and recommendations following external audit

inspections. This customer insight will help to establish what the Council is doing well and what it can do to improve.

Reports showing performance against the targets set for each standard will be reported to the Council's Cabinet and Scrutiny Committees for their consideration.

1.5 What we expect from our customers

In times of trouble or distress, some people may act out of character when accessing Council services. There may have been upsetting or distressing circumstances leading up to a customer contacting the Council. The Council believes that all customers have the right to be heard, understood and respected. However, the Council also believes that employees have the same rights. We, therefore, expect customers to be polite and courteous in all dealings with the Council. The Council will not tolerate aggressive or abusive behaviour, unreasonable demands or unreasonable persistence; this includes any threat, abuse or harassment towards employees on social media (e.g. Facebook, Twitter) which will be reported to the police. Any threat of physical violence will always be reported to the police

Guidance for our workforce

2.0 Development of the Customer Service policy

In developing the Customer Service policy the Council has sought to:

- Set standards which are user friendly, customer focused and measurable;
- Clearly state how employees should behave when dealing with customers;
- Give consideration to legislation, good practice and national standards;

 - Customers with a learning disability will be offered clear and simple advice and instructions, sensitively provided.

2.1 Customers

Our customers are all the people we come into contact with in connection with the Council's work; this includes people who live in, work in or visit the area, and people acting on behalf of people who live in the area. Customers could also be employees, local businesses and partner organisations.

2.2 What customers want

Customers access Council services through various channels including digital (e.g. website, e-mail, social media) telephone, face to face, letter, application forms, etc. Whatever the channel, customers want accessible, efficient and responsive services and the Council must strive to meet these demands. The Council, will respond to the needs of customers in terms of access and recognise that one method will not suit everyone.

Customers want their dealings with the council to be efficient and that they receive their desired outcome. To meet this the Council must attempt to deal with customer enquiries at the first point of contact and ensure mechanisms are in place for monitoring and measuring performance against desired outcomes.

Improving customer service is a key priority for the Council and means:

- Providing quality services in a friendly, efficient and helpful way; we will continually strive to improve services by ensuring excellent communication and a positive attitude towards customers;
