

NANTWICH TOWN COUNCIL

BAD DEBT POLICY

Approved: 20th April 2023

Version: 1

Date To Be Reviewed: April 2026

1. INTRODUCTION

- 1.1 This policy outlines Nantwich Town Council's procedures for dealing with late payments and outstanding accounts (bad debts) in accordance with Financial Regulations.
- 1.2 The aim of this policy is to make clear the procedure that Nantwich Town Council will follow to identify, minimise and recover potential bad debts and write-off any debts which cannot be recovered.

2. CREDIT CONTROL

- 2.1 All income due will be collected in accordance with the Income Collection Policy and Financial Regulations and any sums found to be irrecoverable or any subsequent bad debts shall be reported to the Finance Committee and Full Council.
- 2.2 Unpaid income and bad debts shall be treated in the following manner:
 - 2.2.1 Invoices which remain unpaid after 30 days will receive a telephone call or email reminding the customer that the invoice remains unpaid.
 - 2.2.2 Invoices which remain unpaid after 45 days will receive a letter reminding the customer that the invoice remains unpaid.
 - 2.2.3 Invoices which remain unpaid after 60 days will receive a letter reminding the customer that the invoice remains unpaid, that future bookings will be suspended until the invoice is paid and that all of the town councils' financial information, including bad debts, is reported to Council and published on it's website.
 - 2.2.4 Invoices which remain unpaid after 90 days will receive a letter reminding the customer that the invoice remains unpaid and notifying them of the withdrawal of the service provided. This letter will also include a statement that Nantwich Town Council will actively pursue all outstanding debts through the legal system.
 - 2.2.5 All letters will be accompanied by a statement of account from the town council's financial system.

3. LEGAL RECOVERY

- 3.1 It may be necessary for the council to begin legal proceedings to recover any debt owing. The Clerk and RFO will consider if such action is in the financial interests of the council and will submit a written report to the Finance Committee detailing the course of action to be followed.

4. WRITE-OFF BAD DEBTS

- 4.1 Nantwich Town Council will seek to minimise the cost of write-offs by taking all necessary action to recover what is due. Debts will be subject to the full recovery, collection and all reasonable legal procedures.
- 4.2 The town council recognises that where a debt is irrecoverable, prompt and regular write off of such debts is good practice. Whilst writing off bad debts is a non-routine function; all practical means should be taken to recover outstanding amounts due to the parish council before the RFO recommends writing off a bad debt to the Finance & General Purposes Committee. Before this decision is made, due diligence consideration should include the following: -
- The cost of recovery against the amount owed.
 - The likelihood of success.
 - Were the correct credit control procedures followed.
 - Could procedure and practices be improved.
- 4.3 Any debts to be written off should be reported in the form of a write-off schedule to the Finance & General Purposes Committee, who have delegated powers to write off bad debts of up to £3,000; any larger debts must be reported to Full Council. The write-off schedule should contain the following information:
- Customer Ref.
 - Invoice number.
 - Date of invoice.
 - Amount of debt.
 - Reason for write off.
 - Recovery history.
 - Date of write off.
 - Authorisation of write-off.
- 4.4 If the debt is subsequently repaid, the debt will be written on again to account for the sum paid.

5. YEAR-END

- 5.1 The Clerk and RFO should ensure any bad debts and doubtful debts are correctly accounted for at year end.
